

# Water Audit Validation Certificate

Part B: Provided by Utility

Water Supplier Name: FORTUNA, CITY OF

Water Supplier ID Number: CA1210006

Water Audit Period: Calendar Year 2020

## Water Audit & Water Loss Improvement Steps:

Utility to provide steps taken in preceding year to increase data validity, reduce real loss and apparent loss as informed by the annual validated water audit.

Utility staff replaced a non-functioning, 6" meter to the hospital. Utility crews conducted more accurate and diligent system flushing and pressure-testing operations records. The water department crew kept detailed track of water volume used for a large reservoir leak-testing, disinfection, and activation project. City crews continuously re-read anomalous water meter readings and replaced non-functioning customer water meters. Staff also recently contracted a meter calibration service for the main production meter at the water treatment facility. Then staff conducted drawdown tests to determine the accuracy of the main production meter. The City will install a more accurate replacement meter in late 2021.

## Utility Provided

### Certification Statement by Utility Executive:

This water loss audit report meets the requirements of California Code of Regulations Title 23, Division 2, Chapter 7 and California Water Code Section 10608.34 and has been prepared in accordance with the method adopted by the American Water Works Association, as contained in their manual, Water Audit and Loss Control Programs, Manual 36, Fourth Edition and in the Free Water Audit Software Version 5.
